City of Coquitlam

Statement of Financial Information 2022

In compliance with the Financial Information Act of British Columbia, Chapter 140

Coquitlam

Notice to Reader

The *Financial Information Act* requires municipalities and other Government organizations to prepare annual financial information and make it available to the public within six months of their fiscal year end.

The information required by the Act for a municipality encompasses audited financial statements and schedules disclosing debt, guarantee and indemnity agreements, employee remuneration and amounts paid to suppliers for the provision of goods and services.

A detailed extract of the regulations accompanies this introduction and explains in some detail the nature of this information.

Michelle Hunt, CPA, CMA General Manager and Chief Financial Officer

Compliance with the Financial Information Regulation

The Financial Information Act (the Act) identifies organizations that must prepare financial information and make it available to the public within six months of their fiscal year end. The City of Coquitlam (the City) is one of the organizations identified and therefore the attached **Statement of Financial Information** has been prepared in order to comply with this legislation.

The Financial Information Regulation specifies the required content for these statements and schedules. As such, the City's Statement of Financial Information includes the following:

- The **2022 Consolidated Financial Statements** are prepared in accordance with generally accepted accounting principles for Local Governments as recommended by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada and the Ministry of Municipal Affairs. The 2022 Consolidated Financial Statements include notes that disclose the accounting policies followed in preparing the financial statements.
- The **2022 Schedule of Debts** includes a list all of the organization's long-term debts, including the amount outstanding, the interest rate, maturity date for each debt, and identifies those debts covered by sinking funds or reserves and the amounts that have accumulated in those accounts.
- The 2022 Schedule of Guarantee and Indemnity Agreements includes a list of financial guarantees and indemnity
 agreements in force at December 31, 2022. The list includes the names of the entities and the amount of money
 involved.
- The 2022 Schedule of Council Remuneration and Expenses includes an alphabetical list of each member of Council, the
 total amount of remuneration paid including salary, indemnity and taxable benefits, and the total amount of
 expenses paid to or on behalf of that Council Member during 2022. The total amount of expenses recorded includes
 only expenses reimbursed with City funds. Expenses reimbursed by other organizations are excluded. See NOTE
 below for more information.
- The 2022 Schedule of Employee Remuneration and Expenses includes an alphabetical list of each employee earning in excess of \$75,000, the total amount of remuneration paid and the total amount of expenses paid to or on behalf of that employee during 2022. The base remuneration paid includes the salary, taxable benefits, retroactive pay pursuant to settled labor contracts and contractual payouts for retired employees. The other remuneration includes contractual payouts such as unused vacation and overtime, and provincial wildfire forestry deployment (where applicable). In instances where an employee leaves the organization, full contractual payout of unused vacation and overtime may result in higher overall amounts. The total amount of expenses recorded includes only expenses reimbursed with City funds. Expenses reimbursed by other organizations are excluded. In addition, the schedule includes a total paid to all other employees during 2022 where the amounts paid are less than the \$75,000 threshold. See NOTE below for more information.
- The **2022 Statement of Severance Agreements** includes a statement of the number of severance agreements made during 2022 by the City in respect of non-union employees and the number of equivalent months' gross salaries represented by these agreements.
- The **2022 Schedule of Payments for the Provision of Goods or Services** includes an alphabetical list of the individuals or corporations where the total amount paid during 2022 exceeds \$25,000. In addition, the schedule includes a total of all amounts paid to all other suppliers during 2022 where the amounts paid are less than the \$25,000 threshold. See **NOTE** below for more information.
- The **2022 Statement of Payments for the Purpose of Grants and Contributions** includes an alphabetical list of organizations where the total amount paid during 2022 exceeds \$25,000.

NOTE: The Statement of Financial Information Schedules are based on amounts paid during the fiscal period (cash basis) and a reconciliation with the financial statements that are presented in accordance with accounting principles (accrual basis) is included.

INDEPENDENT AUDITOR'S REPORT

To the Mayor and City Council of the City of Coquitlam

Opinion

We have audited the consolidated financial statements of the City of Coquitlam (the "City"), which comprise:

- the consolidated statement of financial position as at December 31, 2022
- · the consolidated statement of operations for the year then ended
- the consolidated statement of changes in net financial assets for the year then ended
- · the consolidated statement of cash flows for the year then ended
- and notes and Schedules A to G to the consolidated financial statements, including a summary of significant accounting policies

(hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the consolidated financial position of the City as at December 31, 2022, and its consolidated results of operations, its consolidated changes in net financial assets and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our auditor's report.

We are independent of the City in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the City's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the City or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the City's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
 - The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the City's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the City to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Obtain sufficient appropriate audit evidence regarding the financial information of the
 entities or business activities within the group entity to express an opinion on the
 financial statements. We are responsible for the direction, supervision and
 performance of the group audit. We remain solely responsible for our audit opinion.

Notes to Consolidated Financial Statements (Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

1. Operations:

The City of Coquitlam (the "City") is incorporated under the Local Government Act of British Columbia. The City's principal activities include the provision of local government services to residents of the incorporated area. These services include administrative, protective, transportation, environmental, recreational, water and sewer.

2. Significant accounting policies:

These consolidated financial statements are prepared in accordance with Canadian public sector accounting standards as issued by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada.

(a) Basis of consolidation:

These consolidated financial statements are comprised of the City's Operating, Capital and Reserve Funds consolidated with the Coquitlam Public Library (the "Library"). The Library's financial statements are consolidated with the City, as the Library Board is appointed by the City. Interfund transactions, fund balances and activities have been eliminated on consolidation.

Budget reporting:

The budget information reported in the consolidated financial statement represents the 2022 component of the Financial Plan Bylaw adopted by City Council on December 13, 2021.

Operating Funds:

These funds include the General, Water Utility, and Sewer and Drainage Utility Operating Funds. The are used to record the operating costs of the services provided by the City. The Library's operating accumulated surplus is included in the Operating Funds.

Capital Funds:

These funds include the General, Water Utility and Sewer and Drainage Utility Capital Funds. They are used to record the acquisition costs of tangible capital assets and any related debt outstanding. The Library's investment in tangible capital assets is included in the Capital Funds.

Reserve Funds:

Under the Community Charter, City Council may, by bylaw, establish reserve funds for specified purposes. Money in a reserve fund, and interest earned thereon, must be expended by bylaw only for the purpose for which the fund was established. If the amount in a reserve fund is greater than required, City Council may, by bylaw, transfer all or part of the amount to another reserve fund. The Library's capital reserves are included in the Reserve Funds

Notes to Consolidated Financial Statements (continued) (Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

2. Significant accounting policies (continued):

(a) Basis of consolidation (continued):

Trust Funds:

These funds account for assets which must be administered as directed by agreement or statute for certain beneficiaries. In accordance with PSAB guidance on financial statement presentation, trust funds are not included in the City's consolidated financial statements. Trust funds administered by the City are presented in note 18.

(b) Basis of accounting:

The City follows the accrual method of accounting for revenues and expenses. Revenues are recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods and services and/or the creation of a legal obligation to pay.

(c) Cash and cash equivalents:

Cash and cash equivalents include cash, high interest savings accounts and short-term highly liquid investments that are readily convertible to known amounts of cash and that are subject to an insignificant risk of changes in value.

(d) Investments:

Investments are recorded at cost which approximates market value and are comprised of non-redeemable guaranteed investment certificates and Municipal Finance Authority ("MFA") pooled funds.

(e) Land held-for-resale:

Land held-for-resale includes properties which are ready and available to be sold and for which there is a market. They are valued at the lower of cost or expected net realizable value.

(f) Taxes receivable and related revenues:

Property tax billings are prepared by the City based on assessment rolls issued by the British Columbia Assessment Authority ("BCAA"). Tax rates are established annually by City Council, incorporating amounts to be raised for local services and amounts the City is required to collect on behalf of the Province of British Columbia for school taxes. Taxation revenue is recorded at the time tax billings are issued. Amounts collected on behalf of the Province of British Columbia are recorded in the City's consolidated financial statements on a net basis.

The City is entitled to collect interest and penalties on overdue taxes. This revenue is recorded in the period the interest and penalties are levied.

Notes to Consolidated Financial Statements (continued) (Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

2. Significant accounting policies (continued):

(a) Deferred revenue:

The City defers a portion of the revenue collected from permits, licences and other fees, and recognizes this revenue in the year in which related inspections are performed or other related expenditures are incurred. The City also defers a portion of property taxes which is recognized in the taxation year to which it relates.

(h) Development cost charges:

Development cost charges, collected to pay for capital costs due to development, are deferred upon receipt and recognized as revenue when the related development capital costs are incurred.

(i) Deposits:

Receipts restricted by the legislation of senior governments or by agreement with external parties are deferred and reported as deposits and are refundable under certain circumstances. When qualifying expenditures are incurred, deposits are recognized as revenue at amounts equal to the qualifying expenditures.

(j) Debt:

Debt is recorded net of related sinking fund balances.

(k) Government transfers:

Restricted transfers from governments are deferred and recognized as revenue as the related expenditures are incurred or the stipulations in the related agreement are met. Unrestricted transfers are recognized as revenue when received or if the amount to be received can be reasonably estimated and collection is reasonably assured.

(I) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets:

Tangible capital assets have useful lives extending beyond the current year. They are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset.

Notes to Consolidated Financial Statements (continued) (Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

2. Significant accounting policies (continued):

- (I) Non-financial assets (continued):
 - (i) Tangible capital assets (continued):

The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight-line basis over their estimated useful lives as follows:

Asset	Useful life - Years
Buildings and building improvements Park structures Information technology Vehicles, machinery and equipment Water, sewer and drainage infrastructure Roads infrastructure Traffic	10 - 50 10 - 60 3 - 85 1 - 70 1 - 100 1 - 75 1 - 50

Annual amortization is charged commencing when the asset is available for use. Assets under construction are not amortized until the asset is available for productive use.

(ii) Contributions of tangible capital assets:

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and are also recorded as revenue.

(iii) Natural resources, works of art and historic assets:

Natural resources, works of art and historic assets are not recognized as assets in the consolidated financial statements.

(iv) Interest capitalization:

The City does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

(v) Leased tangible capital assets:

Leases that transfer substantially all of the benefits and risks incidental to ownership of property, are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

(vi) Inventories of supplies:

Inventories of supplies held for consumption are recorded at the lower of actual cost and replacement cost.

Notes to Consolidated Financial Statements (continued) (Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

2. Significant accounting policies (continued):

(m) Contaminated sites:

Contaminated sites are a result of contamination being introduced into air, soil, water, or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard.

A liability for remediation of contaminated sites is recognized when a site is not in productive use and an environmental standard exists, contamination exceeds the environmental standard, the City is directly responsible or accepts responsibility, it is expected that future economic benefits will be given up, and a reasonable estimate of the amount can be made. The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

The City has no liabilities recorded for contaminated sites.

(n) Employee future benefits:

The City and its employees participate in the Municipal Pension Plan. The Municipal Pension Plan is a multi-employer contributory defined benefit pension plan. Payments in the year are expensed.

Sick leave benefits and retirement severance benefits are also available to the City's employees. The costs of these benefits are actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The obligation under these benefit plans are accrued based on projected benefits as the employees render services necessary to earn the future benefits. The actuarial gain/loss is amortized over a period equal to the employees' average remaining service period.

(o) Use of accounting estimates:

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. Adjustments, if any, will be reflected in the consolidated financial statements in the period that the change in estimate is made, as well as, in the period of settlement if the amount is different.

(p) Segment disclosures:

A segment is defined as a distinguishable activity or group of activities of a government for which it is appropriate to separately report financial information to achieve the objectives of the related PSAB standard. The City has provided definitions of segments used by the City as well as presented financial information in segmented format (note 20).

12. Taxation revenue:

The City is required to collect taxes on behalf of and transfer these amounts to the government agencies noted below. Those amounts are recorded in the City's financial statements on a net basis. Taxation revenue is comprised of the following:

		2022	2021
Tax collected:			
Municipal purposes	\$	173,315	\$ 186,821
Collections for other governments	•	123,014	116,659

13. Government transfers:

Included in grants and grants in lieu revenue are the following government transfers:

	2022	2021
Federal Provincial and Regional	\$ 650 12,260	\$ 1,012 10,620
	\$ 12,910	\$ 11,632

14. Pension plan:

The City and its employees contribute to the Municipal Pension Plan (a jointly trusteed pension plan). The Board of Trustees, representing plan members and employers, is responsible for administering the plan, including investment of assets and administration of benefits. The plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2021, the plan has about 227,000 active members and approximately 118,000 retired members. Active members include approximately 42,000 contributors from local governments, of which 1,198 (2021 - 1,170) are the City's employees.

Notes to Consolidated Financial Statements (continued) (Tabular amounts expressed in thousands of dollars, unless otherwise indicated)

Year ended December 31, 2022

14. Pension plan (continued):

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The City paid \$9,837,290 (2021 - \$9,721,073) for employer contributions while employees paid \$8,528,071 (2021 - \$8,139,559) to the plan in 2022.

The next valuation will be as at December 31, 2024, with results available in late 2025.

Employers participating in the plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for the plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plan.

15. Employee future benefits:

The City provides benefits for sick leave and certain other retirement benefit arrangements to its employees.

All employees accumulate sick leave entitlement on a monthly basis and can only use this entitlement for paid time off under certain circumstances. Retirement benefit payments represent the City's share of the cost to provide employees with various benefits upon retirement. The accrued benefit obligation and the net periodic benefit cost were estimated as at December 31, 2022 by an actuarial valuation completed in February 2023.

16. Commitments and contingencies:

- (a) The City has entered into various agreements and contracts for services and construction with periods ranging from one to five years.
- (b) The City has a contingent liability with respect to debentures of the Greater Vancouver Water District, Greater Vancouver Sewerage and Drainage District and Metro Vancouver Regional District, to the extent provided for in their respective Enabling Acts, Acts of Incorporation and Amending Acts. Management does not consider payment under this contingency to be likely and therefore no amounts have been accrued.

16. Commitments and contingencies (continued):

- (c) The City is obligated to collect and transfer property taxes levied on Coquitlam taxpayers in respect of the following bodies:
 - Ministry of Education and Child Care, Province of British Columbia;
 - Metro Vancouver Regional District;
 - British Columbia Assessment Authority;
 - South Coast British Columbia Transportation Authority; and
 - Municipal Finance Authority.
- (d) The City is a defendant in several lawsuits in various stages. The potential claims against the City resulting from such litigation and not covered by insurance are currently undeterminable. Management considers that any outcome would not materially affect the consolidated financial statements of the City.
- (e) The City obtains debt instruments through the MFA. The City is also required to execute demand notes in connection with each debenture whereby the City may be required to loan certain amounts to the MFA. The demand notes are contingent in nature and are not reflected in the consolidated financial statements. Details of the contingent demand notes are as follows:

	2022	2021
Operating funds: General Water utility Sewer and drainage utility	\$ 468 154 71	\$ 508 154 71
	\$ 693	\$ 733

(f) The City is a shareholder of the E-COMM Emergency Communications for British Columbia Incorporated ("E-Comm") whose services provided include regional 9-1-1 call centre for Metro Vancouver, Wide Area Radio network, dispatch operations, and records management. The City has 2 Class A shares and 1 Class B share (of a total of 37 Class A and 18 Class B shares issued and outstanding as at December 31, 2022). As a Class A shareholder, the City shares in both funding the future operations and capital obligations of E-Comm (in accordance with a cost sharing formula), including any lease obligations committed to by E-Comm up to the shareholder's withdrawal date.

16. Commitments and contingencies (continued):

- (g) The City has entered into agreements with the YMCA of Greater Vancouver and Concert Properties to build a YMCA facility, community police station, Park and Ride and a community park in the Burquitlam neighborhood of the City. The City's contribution to the project is estimated at \$50,760,000 which will be funded by development revenue and capital reserves and is included in the approved capital budget. The construction commenced in 2021 and is included in assets under construction in tangible capital assets in the amount of \$45,223,686 (2021 - \$30,341,290). The project was substantially completed in early 2023.
- (h) The City enters into agreements with other organizations to fund or deliver capital and other projects with periods ranging from one to five years. The amounts the City will be required to expend under these agreements is undeterminable. Management considers that the amounts would not materially affect the consolidated financial statements of the City.

17. Contractual rights:

The City's contractual rights arise from rights to receive payments under lease, license, rental, grant and other agreements. The City has contractual rights to receive the following amounts in the next five years and thereafter:

2023	\$	2,291

(a) Cemetery perpetual care fund:

The City operates the Robinson Memorial Park Cemetery and maintains a cemetery perpetual care fund in accordance with the Cremation, Interment and Funeral Services Act.

(b) Gravel pit fund:

The City is holding funds in trust for a third party to be used for the future remediation of land. Interest earned since March 1993 accrues to the City.

19. Related party transactions:

The City provides facilities to the following cultural groups at nominal cost:

- Evergreen Cultural Centre;
- Coquitlam Heritage Society; and
- Place Des Arts.

These non-profit organizations provide services to the community.

20. Segmented information:

The City is a diversified municipal government institution that provides a wide range of services to its citizens, including General Government Services, Protection Services, Engineering Services, Solid Waste Services, Planning and Development Services, Recreation and Culture Services, Water Supply Services, and Sewer and Drainage Services. For management reporting purposes, the City's operations and activities are organized and reported by Service Areas. Service Areas were created for the purpose of recording specific activities to attain certain objectives in accordance with regulations, restrictions and limitations.

20. Segmented information (continued):

City Services are provided by departments and their activities are reported in these Service Areas. Departments disclosed in the segmented information, along with the services they provide, are as follows:

General Government Services - Mayor and City Council, City Manager and Deputy City Manager, Corporate Services, Legislative Services Departments:

The departments within General Government Services are responsible for adopting bylaws; adopting administrative policy; levying and collecting taxes and utilities; acquiring, disposing and managing City land assets; support of the City's integrated technology systems; ensuring effective financial management and communication; monitoring performance; and ensuring that high quality City service standards are met.

Protection Services - Police, Fire/Rescue, Emergency Planning, Licensing, and Bylaw Enforcement:

The mandate of the Protection Services areas is to enforce laws, prevent crime, and maintain peace, order, and security by protecting life, property and the environment through the provision of emergency response, ensuring safety for the public.

Engineering Services:

The Engineering and Public Works department is responsible for all aspects of the City's transportation systems, providing the community safe and efficient vehicular and active transportation infrastructure.

Solid Waste Services:

The Solid Waste Services division is responsible for the collection of garbage and green waste as well as operating the Town Centre Recycling Depot.

Planning and Development Services:

The Planning and Development department is responsible for preparing land use plans, bylaws and policies for sustainable development of the City, and for reviewing and approving new development.

Recreation and Culture Services - Parks, Recreation, Culture and Facilities and Public Library:

The Recreation and Culture department is responsible for providing, facilitating the development of, and maintaining high quality parks, recreation and other City facilities and cultural services, including public libraries.
