Proponents shall note the following amendments to the RFP documents:

#### **QUESTIONS AND CLARIFICATIONS**

**Q1:** The RFP requires that we name 3 projects of similar size, scope, and complexity undertaken in the past 5 years. Given that TMP projects run for an average of 18 months, can the requirement be relaxed to 10 years?

**A1:** **Proponents may include projects of similar size, scope and complexity in the past 10 years, although those within the past 5 years would be preferred.**

**Q2:** Is it acceptable to include project experience of projects that are still ongoing?

**A2:** **Proponents may include ongoing projects, although completed projects would be preferred. If ongoing projects are included, please state clearly the current stage of the project and include any relevant publicly accessible websites (e.g. project engagement webpage).**
