

SCHEDULE C TO SOUTHWEST COQUITLAM AREA PLAN

DESIGNATIONS:

Rr	Recreation/ Park
LI	Log Storage
Ww	Water - Oriented/ Commercial
Ii	Industry
III-14.5	Management Unit Area
	FREMP Boundary

Designations in capital letters represent a primary use and those in lower case represent a secondary use.

Area Designation Definitions:

Conservation:

Areas of habitat where the primary use is the maintenance and enhancement of continued biological productivity. Conservation areas may be used for activities which do not impair the continued biological productivity of the area.

Log Storage:

Areas where the primary use is for log storage consistent with the Fraser River Estuary Management Program guidelines for log storage.

Recreation/Park:

Areas designated for public open space and recreation.

Industry:

Land and water designated for industries that require water-borne transportation, surface use of the water or use of submerged lands in their operation.

Water-Oriented Residential/Commercial:

Areas of urban residential and commercial activities involving waterfront use.
